

ASHRAE NEOK 2022 CHAPTER 'HALL OF FAME' AWARD INDUCTEE

Tom Owens: Served as 23rd chapter president 1971-1972.

He graduated in A & S Mechanical Engineering from the University of Oklahoma in 1963 and is a registered professional engineer in the state of Oklahoma. He joined The Trane Company and went to school in La Crosse, WI and then moved to New Orleans as a sales engineer. While working at Trane he did graduate studies in Business Management from Southern Methodist University -Dallas and graduate level training at the Trane Company. In 1968 he came back to Tulsa and went to work for McCune, McCune & Associates as chief mechanical engineer. In 1972 he took his talents to Natkin & Company –Tulsa, where he worked for 19 years from project engineer up to VP and Tulsa District Manager. In 1992 he went to Natkin Service Company and a year later to McIntosh Service Inc as Chief Executive Officer. He then established McIntosh Corporation and serves as Chairman of the Board.

Tom has served in our Industry as state president of OSPE, local president of MCAA and SMACNA throughout his business career. Tom has serviced the NEOK ASHRAE Chapter as officer and President. His committee activities cover Membership Promotion, Research Promotion and Program speaker. He and his company have monetarily contributed to ASHRAE research for over 50 years and has encouraged other organizations like MCAA and SMACNA to make yearly donations to the ASHRAE Research program. He and his company have sponsored 2 Chapter Presidents and have one employee currently serving as Secretary of our Chapter. He actively sponsors and encourages employees to attend ASHRAE Chapter meetings and become active in Committee work. Tom is also a life member of ASHRAE.
